

## Clue #2

1. Cut (8) 2" x 8" strips of each color fabric. These eight strips form **a set**. (8 sets)
2. Cut (4) 3.5" x 9" strips of background **per color set**. (32 strips total)
3. Cut (1) 10" square of background and then cut from corner to corner both ways to create (4) triangles **per color set**.
4. Using the templates below (BE SURE TO PRINT "ACTUAL SIZE") and the cut fabrics, paper piece sections A, B and D twice **for each color set**, using the strips and triangles (see the Clue #2 [Youtube](#) video for fabric placement if you are unclear about this step).
5. Do not remove paper yet.
6. Press and SET ASIDE (Do not join sections to each other).
